

# It comes down to results...

Choosing a school for your child can be one of the most difficult decisions you have to make. One piece often overlooked by parents is student outcomes. Frankly, it's not always easy to find that type of information about a school. At Saint Luke the Evangelist, we let the results speak for themselves.

Our students participate in Terra Nova testing in Grades 2, 3, 4, 6, and 8. These exams are important to Saint Luke the Evangelist because the results allow us to improve our teaching methods and make the best educational decisions for our students.

We are extremely pleased with our most recent Terra Nova results. Our students surpassed the national percentile scores achieved by the 200+ schools in the Archdiocese of Philadelphia.

While we look carefully at our student's achievement nationally, we also assess the school's performance locally. Our faculty engages in ongoing analysis of the Terra Nova scores in order to better meet the needs of all learners.

We are very proud of our students achievement on these nationally recognized tests. This indeed points to the quality academic education that takes place daily in the classrooms of Saint Luke's School.

## Terra Nova 2006 – Grade 4

	Arch	St. Luke
Reading	71.1	79.3
Vocab	66.1	80.7
Rdg Compst	70.7	80.0
